

I CAN SING!

Exploring and developing their singing voices, 4-6 year olds will learn to match pitch and identify specific melodic intervals as we sing traditional folk songs, simple rounds and harmony. Concepts including head and chest voice, breath support, and glissando will build a foundation for healthy vocal production in our relaxed group setting. Other parts of the class include vocal warm-ups, large movement, some instrument play, and echo songs. Enrollment is limited to 8 students. Purchase of Music Together materials is not required for this class.

PLEASE NOTE: Parents/caregivers must remain in the lobby area for the duration of the class.
